- He is interested in operations, commodity trading, and economics roles

ADVICE FOR FUTURE MILLING STUDENTS:

- Participate in as many educational and social opportunities as you can to learn, form relationships, and make memories

FAVE MILLED GRAIN PRODUCT:

- Undoubtedly, a cookie

Anschutz in NAMA Student Spotlight

Meet Mathew Anschutz, one of the recipients of the annual NAMA Scholarship at **Kansas State University Milling Science**. NAMA is proud to support the next generation of #milling professionals through this scholarship. Caleb is majoring in Milling Science & Management, Operations at **Kansas State University** and expects to graduate in spring 2024.

Here's the advice he shared for future #KStatemilling students:

"Be as active as you can. Participate in as many educational and social opportunities as you can where you will have the opportunity to learn, form relationships, and make memories."

Congrats again, Mathew! The milling industry offers a variety of career paths that provide strong benefits, and opportunities to learn on the job while making a meaningful contribution to feeding the world. Learn more: <https://namamillers.org/about-nama/milling-workforce/>.

K-State's All-University Open House Returns to Campus April 9, 2022

Make plans to join us now!
