Congratulations to Our Spring 2023 Graduates

Milling Science and Industry

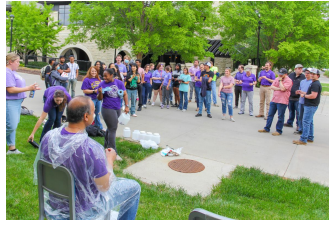

Bakery Science and Industry

Feed Science and Industry

In Your Face

The inaugural Pie A Proff to support the GSGSO event was held near the end of the semester as a way to raise funds for the organization and have some fun before finals. Thanks to all who participated or attended. A good time was had by all.

The Bake Lab hosted a hands-on session for FFA members at the end of May. **"Knot Your Grandma's Kitchen"** instructed participants on the process of making pretzels.

The Bakery Science Club hosted a casual get-together to wish the BSM seniors well. Each senior was presented with a Power Cat cake and a goodie bag. Congratulations, seniors – we know you will do great things.

Visiting Our Industry Partners and Employers

The Milling of Speciality Grains class taught by Jason Watt, Buhler Instructor of Milling

visited Frito-Lay, Topeka; Bunge Milling, Atchison and McCormick Distilling, Weston, Missouri on the last day of their class.

Our Mission

The mission of the Department of Grain Science and Industry is to advance the global grain and plant-based food, feed, and bioproduct industries through scholarship, research, and outreach.
